We are excited to announce the development of an all-age draft Carers Strategy which sets out how we will ensure all unpaid carers can access the support they need, regardless of where they live in Nottingham and Nottinghamshire.

This strategy has been co-produced with carers and in partnership with both Nottingham City and Nottinghamshire County Councils, and local health partners.

We are now launching a six-week consultation (4<sup>th</sup> April – 16<sup>th</sup> May 2022) that seeks the views of carers, their families and those supporting carers on our proposals as outlined in the draft strategy document. The strategy document and consultation survey are accessible via the link and QR code here:
